

Year 3 Map

	Module 1	Module 2	Module 3	Module 4	Module 5	Module 6
Transdisciplinary theme	Where we are in place and time	How the World Works	How we organise ourselves	Who We Are	Sharing the planet	How We Express Ourselves
Focus	Stone Age to Iron Age	Natural Disasters	Egyptians	Self	Equality	European Art
Central idea	Past civilisations influence our lives today in many ways.	Forces of nature can sometimes transform the physical world.	People work together to achieve amazing feats.	Humans are unique and they make decisions that will affect their own and others' social, mental, physical and emotional health.	Access to opportunities affects equality for all children.	Learning about artists, architects, and designers enables people to understand different places and cultures.
Lines of inquiry	-How Early man survived -What artefacts tell us about life during this time -Discoveries that were made which helped man to evolve -How past settlements differ today and what they can tell us about the past	-Formation of earthquakes and volcanoes -Natural disasters nationally and globally -How natural disasters affect life	-What artefacts tell us about past civilizations and how they lived -The importance of the River Nile and how it has changed since the Ancient Egyptian era -The beliefs of past civilizations compared to today.	-How a balanced lifestyle leads to a healthy one. -How everyone is special in their own ways. -How to support each other to be healthy.	-Identity and stereotypes -Diversity and discrimination - Human rights	-Artists, architects and designers from different European countries -Artworks from different cultures can be connected through similar elements -Artwork which represents our lives
Books	Ug, Stone Age Boy	Escape from Pompeii	Osiris and Isis, Scarab Beetle	We're all wonders	Coming to England	Vincent's Starry Night
